Thank you so much to everyone who participated in picketing on the strike days.

There was tremendous participation on the picket lines – despite the cold and “damp” weather.

There have been many questions about what’s next. The SA Board of Directors are in the process of finalizing an action plan, taking into consideration the course of action decided by the membership at the meeting of May 29, and the input we have received from the members since that time.

Many thanks to the volunteers who have contributed to the strike action committee. Your participation has been invaluable.
