NFORMATION

Despite other messages you may be receiving, your absence this week DID make a difference. Many colleagues have shared true stories about how they managed while we were out on strike last week.

**YES, YOU WERE MISSED!**

Please note: *If you have any questions, please email them to your KIT rep or to any of the SA directors.*

Some members are sending questions to the CBE via the CBE webpage. This question area is managed by the CBE Communications Department, and it is not appropriate to send questions you want answered by Staff Association there.

*Email your questions to your KIT rep, any Staff Association Director, or to [info@cbestaffassociation.ab.ca](mailto:info@cbestaffassociation.ab.ca)*

Strike notice will be given to CBE today - that PSS members will be out on strike on June 10 and 11. **Further job action is pending for ALL Staff Association Members – PSS and Main Body.** Please look for dates and picket information on your email later today or on our website over the weekend.

We need you to participate in at least one 2-hour picket shift. You will be assigned to a variety of times and locations, but if this time and location does not work for you, please choose one that will work better. We need EVERYONE to participate in picketing.

**MONDAY IS A WORK DAY FOR ALL STAFF ASSOCIATION MEMBERS. Look for more information later today.**
