Please check the attached picket schedule for when your school or work site has been designated to picket. If you cannot attend at the time assigned, you are required to choose another time or location that does work for you.

Jean Minifie, SA Chairperson contacted the Chief Superintendent on Thursday to invite him to a meeting - trying to resume talks. Although Dr. Croskery declined this meeting, informal discussions were held on Friday between CBE and the Staff Association. On Monday, the information that was discussed at this meeting will be shared with the Superintendent's team and the trustees. While we remain cautiously optimistic, we must continue with the action that was decided on by the membership.

We **ALL** want a swift resolution to this dispute. To help this happen, we need the participation and support of all SA members. The stronger the show of support we can display, the sooner the CBE will be motivated to work toward a resolution. Those few members who choose to go to work on strike days run the risk of seriously damaging their working relationships with their co-workers, and preventing **ALL** of us from getting a new collective agreement quickly.

It has been brought to our attention that some members are being pressured by their supervisors to go into work on strike days. ***If this is happening to you, please email Staff Association immediately!*** It is never appropriate for any Staff Association members to be **BULLIED** by their supervisors.

Everyone needs to picket on Tuesday and Wednesday.
